

## Reading

Please write in your child's reading record every time they have read at home. For every five times they read within a week, they gain signatures.

## Maths

- Can you practise counting in 2s, 5s, 10s and 3s?
- Can you write numerals up to 100 and in number words?
- Can you practise your number bonds up to 20?

## English

- Can you write a letter to a character from a fiction book?
- Can you practise your spellings?
- Can you read and spell Year 1 and Year 2 Common Exception Words?

## Design and Technology

- Can you think of a vegetable or fruit that begins with each letter of the alphabet and record it alphabetical order?
- Can you try a new fruit and vegetable each week and then record the different ones you have tasted?
- Can you follow a recipe and make a delicious and tasty treat? Please bring or send in **photographs** of your food creation.

## Year 2's

### Pick and Mix Home learning - Autumn 2

**Here are some ideas of activities to support your child's learning at home.**

**Your child can choose which activity / activities they complete during this term. We would love to see and celebrate any home learning your child completes.**

**Thank you for your continuing support.**

## History: Childhood Through the Ages.

- Can you create a timeline of your life so far? You could use a sequence of photographs and /or writing for this activity.
- Can you interview an adult in your family and write all about their earliest memory?

## Science

- Can you create a fact file of a mini beast? Can you include information about its microhabitat and the conditions it might live in?
- Complete a detailed and labelled sketch of a mini beast or animal.

## How can you help at home?

- Read with your child daily.
- Support your child with their weekly spellings.
- Support your child learn their number bonds to 20.
